

HOW TO INSTALL YOUR MAGNETIC KNIFE RACK

Magnetic Knife Rack

Installation guide for F4MMKR-AW, F4MMKR-RW & F4MMKR-WW

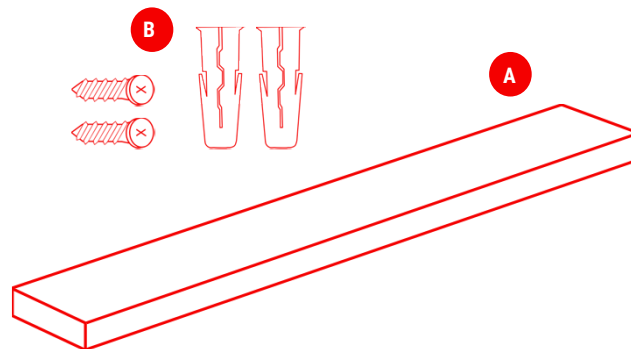

Our premium range of wooden magnetic knife racks provide the perfect stylish solution to organise and display kitchen knives and other utensils. With simple installation and easy application, they are a must have for any kitchen space.

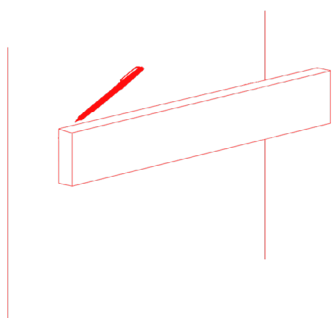

Parts Included;

A- Knife Rack

B- Screws and Wall Plugs

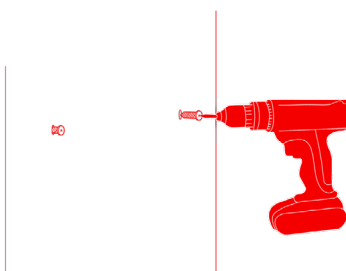

1 Step One

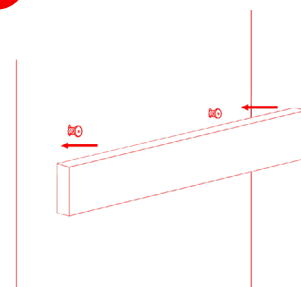

Using a spirit level to ensure it is straight, use the holes on the back of the knife rack as a guide and mark the drill holes.

2 Step Two

Using the pilot marks as a guide, drill holes and insert the raw plugs into place. Once the wall plugs have been inserted, insert the screws into place – do not screw flush, as the screws will act as the ledge for the knife rack to be placed onto.

3 Step Three

Finally, wipe the wall of any residue and mount the knife rack on to the screws and slide down to secure.

SAFETY WARNING – MAGNETIC KNIFE RACKS INCLUDE STRONG MAGNETS, PLEASE INSTALL WITH CARE.
